## ALL EYES IN ARMS PARLEY ON JAPAN

Overshadowing all Developments is  
Controversy as to How Great Her  
Navy Shall be Cut

### READY TO MAKE CONCESSION

Baron Kato Not Expected to go as  
Far as Hughes Suggested—France  
Against Germany's Admission

(By United Press)  
Washington, Nov. 29.—All eyes in  
the arms limitation conference to-  
day were turned toward Japan.

Overshadowing all other develop-  
ments in the conference is the con-  
trovery now believed to be near a  
decision as to how great the Japa-  
nese navy should be cut.

All of Japan's cards are in the  
hands of the stoical-faced Baron  
Kato, chief delegate. He apparently  
is willing to make some concession  
from Japan's previous stand for a  
seventy percent ration of capital  
ships, but seems reluctant to accept  
without reserve the sixty percent ra-  
tio as proposed by Hughes. He may  
propose 63 percent.

British opposition to Harding's  
association of nations was made  
clear by the significant remark of  
Arthur Balfour: "We don't want two  
League of Nations do we?"

France, Rene Viviani, it is said, is  
opposed to Germany's admission to  
the conference, as suggested by  
Harding.

The American advisory committee  
believes it will be impractical to li-  
mit the use of gas in warfare.

In the Far East sector, Chinese  
continued their fight for "freedom  
from foreign domination" by push-  
ing requests for removal of foreign  
troops.

Why should Germany be admitted  
to a conference of nations? What is  
there for her to discuss?"

This in effect, was the attitude of  
Rene Viviani, nominal head of the  
French delegation today, towards the  
proposal to include Germany in an  
association of nations. The French-  
man made his reply pertinent to a  
possible meeting next year.

Germany, Viviani said, had no fur-  
ther interest in the Pacific; Germany  
has only to fulfill the terms of the  
Versailles treaty to be disarmed to  
the satisfaction of every one; Ger-  
many had her opportunity for full  
discussion of finances at Wiesbaden  
with Loucher.

France, Viviani said, would like  
fair warning before Germany gets  
into any conclave; France wants to  
bring up a battery of experts with  
facts and figures.

As for the present conference on-  
ly two results are expected by the  
French—an agreement regarding  
Continued on Page Seven

## TWO-STORY FARM HOME IS DESTROYED

House on Raymond Bowles Place  
Southwest of Mays Burns to  
Ground Monday Evening

LOSS ESTIMATED AT \$3,000

A two story, seven room house,  
located on the Raymond Bowles  
farm, 1½ miles southwest of Mays,  
was destroyed by fire Monday night  
shortly after six o'clock, and the  
loss is expected to reach \$3,000 to  
the dwelling and contents.

It is believed that a defective flue  
caused the fire, as a new furnace  
had been installed in the house only  
three weeks ago. The house was built  
about 25 years ago, and was for-  
merly the John Bowles homestead,  
his son having purchased the farm  
about a year ago.

Mr. Bowles was in the barn yard  
and the entire roof seemed to be on  
fire when he first discovered it. The  
fire had gained such headway that  
only a portion of the household  
goods could be removed. Insurance  
amounting to \$1500 was carried on  
the dwelling and Mr. Bowles also  
carried insurance on his household  
goods.

## IS DECORATED BY FRENCH GOVERNMENT

John H. Kiplinger, Member of Repar-  
ations Commission, Awarded  
Legion of Honor

### WORD RECEIVED BY FRIENDS

John H. Kiplinger, former Rush-  
ville attorney and captain in the  
world war, and lately a member of  
the interallied reparations commis-  
sion in Germany, has been awarded  
the Legion of Honor by the French  
government in appreciation of the  
work he has performed on the com-  
mission.

Word has been received here by  
friends of Mr. and Mrs. Kiplinger  
that the honorarium was conferred  
on him November 4. The Legion of  
Honor is an order established by the  
French government, in 1802, when  
Bonaparte was first consul, as a re-  
ward for meritorious service either in  
civil or military life.

Mr. Kiplinger went overseas as  
captain of the headquarters com-  
pany of the 139th Field Artillery,  
shortly before the armistice was  
signed. He remained in France and  
when he resigned from the army, re-  
ceived an appointment as the Amer-  
ican member of the commission  
which has been supervising the re-  
turn by Germany of French and  
Belgian war loot.

Mrs. Kiplinger and two sons, Gene  
and Jules, joined Mr. Kiplinger two  
years ago last spring. Last year the  
boys attended school in Paris and  
now speak French fluently. They are  
attending a private school in Switzer-  
land this year.

## OUT TO BEAT THE RECORD OF 1920

Red Cross Double Barred Christmas  
Seals Workers Hope to Increase  
Per Capita Sale

### RECORD MADE SINCE 1911

As Sale of Seals Increases, Anti-  
Tuberculosis Work Has Advanced  
and Results Are Seen

An effort will be made to increase  
the record made last year by the  
Christmas Seal Sale, as Rush coun-  
ty averaged only seven cents to the  
person, and the campaign will soon  
be in active swing in all parts of the  
county, as township chairmen have  
been previously announced by Mrs.  
Floyd Kirklin, who is acting as  
county chairman.

The campaign in Rushville will be  
carried on by the Psi Iota sorority,  
as they have successfully conducted  
the campaigns in the past few years.

Mrs. Kirklin and her assistants  
will lay stress on the importance of  
the sale this year, and people will be  
asked to purchase liberally the small  
double barred stickers, which sell for  
only a penny a piece. It must be re-  
membered that the small cost neces-  
itates a big number of daily sales, in  
order to make a creditable showing.

"The fight against tuberculosis,  
represented by the annual Christmas  
Seal Sale, is not only a worthy fight,  
but a winning fight, declared Mrs.  
Kirklin in a statement today, out-  
lining the program for the sale.

"It is a worthy fight because it is  
designed to prevent the spread of  
the diseases and to cure known cases  
wherever possible. It is a winning  
fight because, after ten years, it is  
doing those very things most effec-  
tually, and doing them better each  
succeeding year.

"In 1911 the death rate from tu-  
berculosis in Indiana was 153.9 per  
100,000 of population. After ten  
years of effort this rate was brought  
down in 1921 to 107.7 for each  
100,000 of population, a very con-  
siderable decrease considering the  
amount of money devoted to the  
campaign. In 1911 the State pur-  
chased \$12,000 worth of Christmas  
Seals and that amount was devoted  
to the anti-tuberculosis program.  
The money was well spent, with the  
result more has been received this  
year until last year the state raised  
\$135,000.

"We are trying to do even better  
than this year. Rush County av-

## EMBLEM FLAG IS GIVEN TO LEGION

Mattox Circle No. 51, G. A. R. Pre-  
sents Beautiful Banner to Rush  
Post No. 150 Monday Night

### APPROPRIATE EXERCISES

Judge Will M. Sparks Makes Pre-  
sentation Speech and Dr. Lowell  
M. Green Accepts For Legion

With appropriate ceremony, a  
beautiful American Legion flag, bear-  
ing the Legion shield in gold on a  
background of rich blue, was pre-  
sented to Rush post No. 150 Monday  
night by Mattox Circle No. 51 of the  
Grand Army of the Republic.

The presentation speech was made  
by Judge Will M. Sparks following  
a program of music and readings  
and the flag was accepted on behalf  
of the post of Dr. Lowell M. Green.  
The assembly room of the court  
house, where the meeting was held,  
was crowded with people, many be-  
ing unable to find seats.

"In behalf of Mattox Circle No.  
51 of the Grand Army of the Re-  
public," said Judge Sparks, "it is my  
pleasure and honor to be permitted  
to present to you a flag—your flag—  
for this Circle which represents the  
G. A. R., and even more.

"As a member of Rush post No.  
150 of the American Legion," said  
Dr. Green, "I accept this flag in the  
same spirit in which we know it is  
offered to us. I hope that Mattox  
Circle will accept our thanks in the  
spirit in which they are given. We  
as members of the Legion will at-  
tempt to serve as we have in the past  
and we wish you, members of the  
Circle, peace, prosperity and pro-  
gress."

O. P. Wamsley sat on the plat-  
form with the officers of the Circle,  
Mrs. Cornelia Lyons and Mrs. Edna  
Dagler, and presided during the pro-  
gram, which opened with a selection  
by the high school orchestra led by  
Miss Sarah McConnell. The audience  
then sang "America" and prayer  
was offered by the Rev. Walter L.  
Kunkel of the First Presbyterian  
church. Miss Mary Louise Wyatt  
played a violin solo, accompanied by  
Miss Frances Lyons at the piano,  
and little Bonnie Jean and Frances  
Beale, daughters of Mr. and Mrs.  
Fred Beale, were given a rousing re-  
ception when they sang a duet.  
They were accompanied on the piano  
by their sister, Mary Elizabeth Beale.  
Miss Louise Innis gave an appro-  
priate reading, "Old Glory," and a  
male quartet composed of Messrs.  
Davis, Caldwell, Grunden and Wams-  
ley sang. A reading by Mary Eliza-  
beth Beale was well received and a  
duet by Katherine Wamsley and Fay  
Louise Boxley was applauded. Miss  
Lucile Brown provided the accom-

## BOONE POWER DIES AFTER LONG ILLNESS

Rushville Man, Prominent Jackson  
Township Farmer, Succumbs  
to Leakage of The Heart

### LEAVES WIDOW, 5 BROTHERS

Nathan Boone Power, a life long  
resident of this county, and a re-  
tired farmer, died this morning about  
9:30 o'clock at his home, 933 North  
Morgan street, death being caused  
from leakage of the heart and com-  
plications, of which he had been  
suffering for the past 22 months.

Mr. Power was a prominent far-  
mer of Jackson township, but in re-  
cent years had been living in this  
city. The deceased was 66 years old,  
and was the son of the late John  
and Mary Power. A son, Donald  
Power, died a few years ago, and  
the deceased is survived by the  
widow, and one grandson, Donald  
Power.

Besides these relatives, he also  
leaves five brothers, who are John  
H. Power of this city, George and P.  
F. Power of Milroy, Emory of near  
Manilla and Daniel of Manilla.

The funeral services will be con-  
ducted at the late residence Thurs-  
day afternoon at two o'clock by the  
Rev. L. E. Brown, and interment  
will be made in East Hill cemetery.

## FRAZIER SAYS IT WAS AN ACCIDENT

Colored Man Accused of Assault  
With Criminal Intent on Aged  
Aunt Testifies

### TO REACH JURY LATE TODAY

Case Gets Under Way Shortly After  
Ten O'clock—Booze Buying  
Is Described

The jury was selected and the case  
of the State against Robert Frazier,  
colored, was heard today in the cir-  
cuit court, and the decision of the  
jury was expected to be reached late  
this afternoon, as the evidence was  
completed at two o'clock and argu-  
ments of 45 minutes on each side  
allowed.

Frazier, who stood trial on a  
grand jury indictment charging him  
with assault and battery with crim-  
inal intent on his aged aunt, Mrs.  
Narcis Hughes, took the witness  
stand in self defense, and maintain-  
ed that he was intoxicated on the  
afternoon of October 30, the time of  
the alleged attack.

According to the defendant, he  
struck Mrs. Hughes while he was  
attempting to get his balance, and  
that it was accidental. He did not  
know where, or how hard a blow he  
rendered.

According to witnesses for the  
state, and Mrs. Hughes, her face was  
badly scratched and mark of teeth  
were visible on one of her cheeks.  
It was upon this evidence that the  
charge was based.

Frazier told the jury of buying a  
quart of liquor from an automobile  
near the public square on the morn-  
ing of October 30, and he said he  
ate dinner at the home of Mose Rose  
where several colored people board-  
ed.

Frazier said that Charley Carter  
also bought a pint of liquor and that  
all of the men had drinks, including  
Mose Rose, who also was arrested  
on that night, and who is serving a  
penal sentence for assaulting his  
wife.

A jury was selected shortly after  
ten o'clock this morning after 24  
jurors had been examined. A special  
venire of 20 names had been drawn  
for service, and this list had been  
exhausted. The case was expected to

## GUESTS ENTERTAINED BY ROTARY CLUB TODAY

Greensburg Rotarians, G. M. Snyder  
of Federal Reserve Bank and  
John Ahrens Speak

### BANKING SYSTEM EXPLAINED

Several visitors were entertained  
at the regular meeting of the Ro-  
tary club today noon including three  
Rotarians from Greensburg, John  
P. Ahrens of Cincinnati, vice-pres-  
ident of the Ahrens-Fox Fire Engine  
company, and G. M. Snyder, of the  
bank relations of the Chicago fed-  
eral reserve bank.

John C. Craig, president of the  
Greensburg Rotary club, Roy C.  
(Gosh) Kannouse and Will Erehardt  
brought greetings from the Greens-  
burg club, each making a short talk.  
Roy Kannouse, justly famed as a  
story teller, told a number of funny  
ones, some of them at the expense of  
local Rotarians. Will Erehardt said  
that he came along as balast for  
Judge Craig's machine and brought  
out the thought that people who  
serve this useful purpose of making  
riding easier for other folks through  
life were doing something worth  
while. Judge Craig spoke for a few  
minutes, emphasizing the idea that  
in the last analysis nothing is ac-  
complished except through individual  
effort as taught by Rotary ethics.

Mr. Snyder explained the organi-  
zation of the federal reserve system  
and how it functions so as to  
make the American currency system  
elastic. He pointed out that 40 per-  
cent of the world's gold supply was  
controlled by the United States and  
that the federal reserve banks have  
reserve deposits of \$237,000,000.

## CANVASSERS MEET SUCCESS FIRST DAY

Seventeen Contracts Covering 1954  
Acres of Grain Obtained For  
U. S. Grain Growers, Inc.

### TWO CANVASSERS IN FIELD

Unusual success attended the first  
day's canvassing in the interest of  
the United States Grain Growers,  
Inc., in Rush county, Monday, ac-  
cording to an announcement today.  
Although little more than half a day  
was spent in the field and only two  
solicitors were at work, seventeen  
contracts with farmers were signed.  
The contracts cover one thousand,  
nine hundred and fifty-four acres of  
grain.

The canvass started in Anderson  
and will be conducted in every town-  
ship before the campaign ends in the  
county. The only farmers interviewed  
Monday, who did not sign, it was an-  
nounced, were those who were op-  
erating their farms on a partnership  
plan and desired to talk with their  
partner before entering into any  
binding contract.

The U. S. Grain Growers, Inc., is  
a non-stock, non-profit association  
which was organized by farmers to  
handle and sell grain at cost. Pro-  
ponents of the organization assert  
that it is not designed to upset exist-  
ing conditions and that it is not an  
attempt to create a monopoly or fix  
prices. The organizers, however, do  
hope to stabilize prices on a profit-  
able level and eliminate short selling  
and manipulated markets.

## GIRL'S PICTURE MAY BE EXHIBITED

Photoplay in Which Virginia Rappe  
Had Leading Role May be Called  
to Testify in Case

### IN POSSESSION OF STATE

Arbuckle, Red-Faced and Cheerful  
After His Ordeal on Witness  
Stand Monday Afternoon

By ROBERT TRACY  
(By United Press)

San Francisco, Nov. 29.—Virginia  
Rappe, herself, a phantom Virginia  
Rappe in the form of a motion pic-  
ture may be called to testify against  
Roscoe Arbuckle.

As the prosecution today swung  
into its rebuttal to Arbuckle's de-  
fense evidence in his trial on a man-  
slaughter charge attorneys for the  
state were considering his move.  
The state is known to have available  
portions of the last film in which  
Miss Rappe appeared—the "Twil-  
light Baby." It shows her riding  
horses and bicycles and performing  
stunts which they claim no sick girl  
could have done. This picture would  
be brought before the jury to refute  
claims of the defense that Miss  
Virginia was virtually an invalid and  
that these ailments and not an in-  
jury by Arbuckle, caused her death.

The state is known to be intending  
to introduce direct evidence by movie  
producers and others that Virginia  
Rappe was always extremely alive  
and in the best of health. They will  
attempt to show that she performed  
stunts in the movies which would  
have been absolutely impossible had  
her condition during this time been  
as Arbuckle's attorneys have painted  
it.

More than a score of witnesses  
were ready to testify against Fatty  
Arbuckle, according to District At-  
torney Brady.

Deputy Coroner Brown and Dr.  
William Ophuls identified formally  
the contents of a large glass jar of  
the organs from Virginia Rappe's  
Continued on Page Six

## BRITISH WANT NO SUBSTITUTE

Harding's Association Must Fulfill  
Functions Other Than Those of  
League of Nations

### NC PARALLEL IS DESIRED

Brief Interview With Balfour Leaves  
Impression That He Doesn't  
Favor Proposed Plan

By CARL D. GROAT  
(U. P. Staff Correspondent)  
(Copyright 1921 by U. P.)

Washington, Nov. 29.—President  
Harding's proposed "Association of  
Nations" must fulfill functions other  
than those of the League of Nations,  
if it is to have British support. Par-  
allel lines will not suit.

The idea stood out incisively today  
as the result of a brief interview  
with Arthur J. Balfour of the Brit-  
ish arms delegation in which he re-  
marked we "don't want two league  
of nations do we."

Balfour has been avoiding with  
consummate skill any statement  
which would bind his government  
officially, but his brief talk on the  
subject left the conviction that he  
stands, as before, strongly for the  
league and is opposed to annual  
sessions in Washington—with em-  
phasis on Washington—for an in-  
ternational body.

"On Saturday you suggested you  
had not read the papers as to Pres-  
ident Harding's association idea.  
Can you say something today about  
the subject?" he was asked.

"I haven't really studied the mat-  
ter yet," he countered. "Is there a  
precise statement on it?"

He was told he could safely as-  
sume that the idea emanated from  
President Harding though there had  
been no actually official written  
statement on the matter.

"Can you say then how you stand  
on the League of Nations?" he was  
further queried.

"I don't like to enter into a dis-  
cussion of that now," he replied,  
"but I must say the League has done  
some very beneficial things."

As for the association, he pleaded  
he didn't "know just how that would  
function" and in answer to a ques-  
tion whether he favored continuing  
sessions of the present conference—  
an idea dovetailing in with Hard-  
ing's association plan—he said:

"I don't know just how that would  
be worked out. If the sessions were  
Continued on Page Seven

## LEADER OF LOST BATALION SUICIDE

"I Shall Not Return" Last Word  
From Charles Whittlesey Who  
Disappears While on Liner

### DEPRESSED DUE TO WAR

(By United Press)

New York, Nov. 29.—"I shall not  
return." These words in a letter from  
Col. Charles Whittlesey, famous  
commander of the lost battalion to  
his business partner here, made  
many of his friends believe today  
he had committed suicide. Col. Whit-  
tlesey disappeared from the United  
Fruit liner Tola enroute from New  
York to Havana, according to a  
wireless to offices of the line here.  
Captain Grant said that after Col.  
Whittlesey vanished the ship was  
searched but no trace of his found.

In his cabin a number of letters were  
discovered addressed to friends and  
business associates in New York and  
Pittsfield, Mass., with a request that  
they be sent by wireless. The one  
received by Robert S. Little of Whit-  
tlesey's law firm here, dealt with  
route business affairs, but concluded  
with the words: "I shall not return."

John B. Pruyn, a friend of Col.  
Whittlesey, received a letter from  
him, asking him to notify the Whit-  
tlesey family.

Mr. Pruyn advanced the theory  
that the nerve strain undergone by  
Col. Whittlesey in the war was re-  
sponsible for his fate. He said he  
kept his troubles to himself, but that  
the ceremonies at Arlington Nation-  
al cemetery where he was a pall  
bearer at the burial of the unknown  
soldier may have unnerved him.

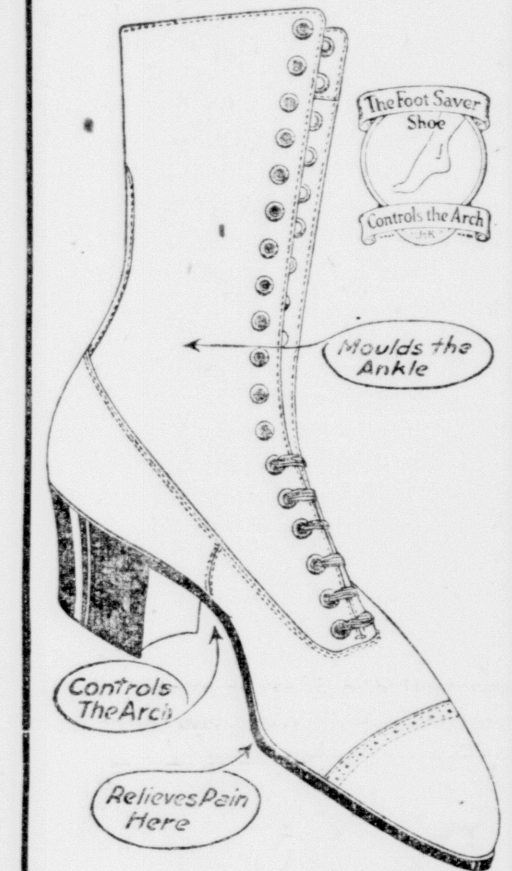

Everybody Worked But Father

"Father's stomach trouble seemed to be getting worse all the time and finally he had to quit work altogether. Two brothers and myself gave up school and went to work to support the family. Father had lost sixty pounds in weight and was yellow as saffron and no medicine helped him. Telling a friend about it six months ago, she advised taking Mayr's Wonderful Remedy. I got a bottle and it helped father at once. He was able to go back to work a month later, has regained his weight and strength and eats like a wood chopper." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For Sale at Druggists Everywhere.—Advertisement.

The "FOOT SAVER" Shoe

Foot Insurance for the Future. Moulds the Foot to Graceful Lines.

Properly fitted and worn consistently, this shoe positively will insure a Perfect Foot from Youth to Old Age. The "FOOT SAVER" Shoe controls the arch gently, but firmly, moulding it and shaping it to correct lines. The arch control feature is in no way mechanical. It is a scientific principle applied to shoe building.

Come in and see them now. The "FOOT SAVER" Shoe is so scientifically constructed that it cannot be worn unless properly fitted.

The Mauzy Co.

For a Pain around the Heart after Eating.

TAKE PEPSINCO

Sometimes in front just under the heart, sometimes around under the left side, under the ribs behind the heart it's a sharp or acute pains; sometimes a dull heavy pain, leaving soreness. It's gas on the inside generated through gaseous foods, or, because of systematic inability to properly assimilate the food, this gas soon collecting, forms a lump that causes the pain. This is only one of a dozen different indications which PEPSINCO immediately relieves. Keep PEPSINCO handy and take it the next time.

Ask your druggist—he sells and recommends Pepsinco.

AMERICA PRESCRIBED THREE PRE-REQUISITES

Soviets Are Prepared to Offer Guarantees to Establishing Negotiations With Russia

SOVIET MINISTER INTERVIEW

By EDWIN HULINGER (U. P. Staff Correspondent) Moscow, Nov. 29—Gorg Tchitcherin, soviet minister of foreign affairs, in an exclusive interview with the United Press today declared America has "unofficially" prescribed three pre-requisites to establishing negotiations with Russia.

The soviets are prepared to offer these guarantees, he said.

The unofficial demands of America Tchitcherin said are:

1—That America must be convinced a stabilized government has been established in Russia.

2—That the soviets recognize the private property rights.

3—The assurance that no "terror" exists under the soviet rule.

Tchitcherin did not give the source of this "unofficial" demand from the United States government. He outlined the proposals in explaining reports of several days ago that "a Russian mission might be sent to Washington" to negotiate trade relations.

WILLIAMS IS FOUND GUILTY

Muncie Attorney Convicted of Burglary at Gaston, Ind.

(By United Press) Muncie, Ind., Nov. 29.—Gene Williams, 31, Muncie attorney and former prosecutor of Delaware county was found guilty last night on a charge of second degree burglary by a circuit court jury. He was alleged to have assisted in the burglarizing of the Gaston Hardware Company of Gaston, Indiana, in September 1919. The indictment against him was brought after Hatford Johnson, arrested for the burglary, confessed and implicated Williams and Thomas V. Miller, another Muncie lawyer. The case against Miller was dismissed last week when the trial was called and it was his testimony for the state that resulted in Williams conviction. Williams is one of about forty others slated to appear before Judge Anderson in federal court at Indianapolis next week on a charge of violating the liquor laws.

BROADWAY THEATER CRASH

Roof and One Wall Crumble, Entombing Workmen

(By United Press) New York, Nov. 29.—A Broadway theater in the course of construction collapsed shortly after noon today. The roof and one wall of the partly completed structure, tumbled down, entombing several of the men who were working on the building. Contractors in charge of the work said their were about thirty-five men on the job and only ten of these had been accounted for. Four men were taken from the debris to hospitals. The contractors were taken into custody. Four bodies had been removed from the ruins at 2:30 o'clock.

GAME WARDENS MAKE ARRESTS

Two men were arrested this afternoon by deputy game warden in charges of hunting without licenses. John Reece, a farmer living in the extreme northwestern part of the county pleaded guilty and was fined \$5 and costs. Oscar Newhouse also was arraigned but did not enter a plea immediately. The cases were before Justice Stech.

TRIBUTARIES OVERFLOW

(By United Press) Huntington, W. Va., Nov. 29.—Small tributaries of the Ohio river, skirting residence sections, overflowed here today, causing heavy property damage. Fears of floods along the Ohio sent residents and business men in the valley scurrying for higher ground.

Chicago—James Butler's sore rib betrayed him, his wife said. When he complained I knew he had been hugging that wealthy widow again," she stated. Butler eloped with the widow, she told the police.

Chicago—John Sturm, according to police, rode from Chicago to his home in Evanston, five times in a taxi. Each time he eluded the driver, hid in his home and evaded paying the bill. The sixth time the driver captured him and took him to jail. "Taxi!" shouted Sturm, out on bond.

New York Stocks

New York, Nov. 29.—Rails and industries were equally strong at the opening of the New York stock exchange today. Quotations for practically all issues showed gains ranging from 1/4 to nearly two points. Sears Roebuck was a notable exception, opening at low of 60 1/4, off 5-8. The weakness in this issue was due to doubt regarding the payment of the preferred dividend, action on which is expected within a day or two. Demand was not confined to any group of stocks. Atchison and associated dry goods opened at new highs for the year.

Many of the rails made new highs on the moves before the end of the first hour. Despite the fact that it pays only six percent Atchison was the leader and made a new high at 90 7/8. Union Pacific touched Mondays high of 131. Former subsidiaries of the old American Tobacco company featured the rest of the list with American Tobacco A making an early high at 132. There is now a spread of nearly five points between "A" and "B" stocks although both share equally in dividends. The "B" stock is without voting rights. The feature of the bond market today was the sharp advance in Mexican Petroleum eight percent notes from par to 103. Not many weeks ago these notes were selling not far from 90.

The opening prices today on the New York stock exchange include: Sinclair 22 7/8 off 1/4; Atchison 90 up 1/4; Studebaker 77 1/2 up 1/4; Union Pac. 130 3/8 off 5-8; Reading 73 5-8 up 3-8; Retail Stores 52 7/8; Asphalt 65 1/2 up 1/4; U. S. Steel 83 1/2 up 1/4; Texas O.C. 46 1/2 up 1/4; United Fruit 124 up 1/4; Davison Chemical 54 1/2 up 3/4; Canadian Pacific 120 7/8 up 1/4; American telephone 116 5-8 off 1/4; Baldwin 97 5-8 off 1/4.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative. No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action. If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime. Thousands take them every night just to keep right. Try them. 15c and 30c.

—Dr. J. M. Walker left this morning on a business trip to Indianapolis.

—Mrs. Charles Brown is visiting her sister, Mrs. Pink Casady, in Franklin, Ind., for a few days.

—Mr. and Mrs. Louis Mauzy visited in Indianapolis today and Mr. Mauzy attended to business matters.

—Mr. and Mrs. William Jackson went to Indianapolis today for a few days visit with friends and relatives.

—The Rev. and Mrs. Reno Tacoma motored to Shelbyville this morning and spent the day there visiting relatives and friends.

—Mrs. Mary Walker has returned to her home in this city after an extended visit with relatives in Franklin county.

—Ralph Payne went to Indianapolis this morning to attend the meeting of the Bankers' Association and Farmers, at the call of Governor Warren T. McCray. At noon he attended the Rotary Club luncheon in that city.

"Hello Kid" Costly

Accosting a colored girl, Dorothy Tuttle, with the flirtatious remark, "Hello kid," cost Lot Bradburn, white, of Carthage this afternoon a fine of \$1 and costs, amounting in all to \$14.20 in Justice Stech's court on a charge of an attempted provoke. Bradburn, when first arraigned said he was not guilty, but when he told the court that he passed her on the street in Carthage and made the remark to her, it constituted the charge which was filed, according to Justice Stech.

—Mr. and Mrs. Russell Jordan have returned home from Lafayette, after spending a few days in that city with relatives and friends.

—Miss Matilda Boyce has returned to her home in Fort Wayne, Ind., after a few days visit in this city the guest of Miss Mildred Kirk.

—Mrs. Sarah Ball and daughter Miss Eva have returned to their home in this city after spending the Thanksgiving vacation with Mr. and Mrs. James Hoy and Mr. and Mrs. Byron L. Jones of Lebanon, Ind.

—Miller Hamilton of Washington, D. C., employed in the editorial department of the United States bureau of markets and crop estimates has joined his wife and son, who have been visiting her parents, Mr. and Mrs. Phil Wilk.

—Mr. and Mrs. Dayton Hungerford, Mr. and Mrs. J. H. McCorkle, Mr. and Mrs. William Brown, Mrs. Bessie Smith, Mrs. Della Downs, Mrs. Lizzie Laughlin, Mrs. Sarah Piper and Clarence Brown, all of Milroy, attended the dedication of the Big Flatrock Christian church Sunday.

"The Store of Certain Satisfaction"

AMUSEMENTS

**Doris May at the Mystic**

A rare treat for photoplay devotees is provided in Doris May's first starring vehicle for R-C Pictures. "The Foolish Age", to be screened at the Mystic again today.

Written especially for Miss May by Hunt Stromberg, who also supervised the production together with William A. Seiter, the director, "The Foolish Age," gives the vivacious Miss May quite the best comedy vehicle in which she has appeared since she captivated the nation in "23 1/2 Hours Leave", "Mary's Ankle" and others of similar calibre.

In finish of production, in story value, in comedy, in laughs, in the skill of the charming young star and in direction, "The Foolish Age" is of high degree, according to most of the better known screen critics of the country. It is based upon a novel idea—an idea that readily lends itself to the development of humorous situations.

Miss May appears as Margy Carr the debutante daughter of a fond and wealthy father who desires her prospective husband to be a man of wealthy and position like himself. Margie, however, has other ideas. She has a big idea. She wants to uplift the poor and downtrodden. She decides to carry it out. She quits the college she attends and gives her fiancé the shock of his life. Then she puts her idea of uplift into effect.

This opens the way to laughs by the score. Supporting Miss May are players whose skill at comedy is a byword in filmdom.

OUT TO BEAT THE RECORD OF 1920

Continued from Page One

eraged seven cents per capita, and our county should do better than that. Who will not give more than seven cents to help keep this county and this state on the offensive against the white plague?

"We want and must have such agencies as the Modern Health Crusade, free clinics, fresh air schools, visiting nurses, nutritional education and as soon as possible special hospitals for the treatment of tuberculosis. To obtain these things, and to further reduce the death rate from tuberculosis, we must sell more and more Christmas Seals each year. Our organization this year hopes to sell more Seals than ever before, and insure an effective campaign for 1922".

PROPOSALS IMPOSSIBLE

(By United Press)

Belfast, Nov. 29.—"I told Lloyd George the British proposals were utterly impossible," Premier Craig declared today in an address to the Ulster parliament. He referred to British proposals for settlement of the Irish problem by having both Ulster and Sinn Fein counties represented in one parliament.

Your Health Problem

Health is the result of the Natural Energy assembled in the Brain and transmitted through the nerves to the various parts of the body. No part or organ of the body can function normally without a proper supply of this Energy. Sickness has its primary cause in misplacement of the vertebrae which compress the great nerves and obstruct the normal transmission of this Health Energy.

Chiropractic

is the art of skillfully adjusting by hand these misplaced vertebrae to their normal position which releases the nerve pressure and permits a normal transmission of this vital energy to the afflicted portion or parts of the body.

Whether you can understand it or not Chiropractic is right. It gets sick people well without medicine and often after everything else has failed to give any relief whatsoever.

# REPUBLICAN'S SNAPPY SPORT STORIES

HENRY FARRELL  
HEZE CLARK

## CRITICS HAND IT TO PENN STATE

Generally Agree It Was Best Football Team in the East During Past Season

OTHERS ARE CLOSE SECONDS

Cornell, Lafayette, Washington and Jefferson, Navy and Yale Make Good Records

By HENRY L. FARRELL  
(U. P. Staff Correspondent)  
New York, Nov. 29.—Critics practically agree that Penn State has the greatest eleven in the east during the season just closed. Opinion varies on the other leaders, some ranking Cornell, Lafayette, Washington and Jefferson while others include the navy and Yale.

Lafayette and Washington and Jefferson won nine games each without being defeated. Cornell won eight and Penn State won seven with two ties. Yale and Georgetown won eight out of nine and the navy won six out of seven.

Kaw, the flashy Cornell back took the lead in individual scoring honors in the last game. He scored 15 touchdowns for a total of ninety points. Aldrich, Yale's captain scored 85 points. Robertson, Dartmouth's captain, scored 75 points; Kenyon, Georgetown, and Lightner, Penna State scored 66.

With 37 to his credit, Hanson, Cornell, kicked the most goals after touchdowns. Lightner kicked 18 and Aldrich, Kenyon and Zimmerman, Syracuse, kicked 17 each.

Aldrich led in field goal scoring, having kicked five. Cornell led by far in team scoring with 392 points, an average of forty eight points to the game. Lafayette was second with 272.

The greatest defense of the East was presented by the navy eleven which had only thirteen points scored by opponents. Penn State scoring all of them.

MONTREAL, Que.—Population figures issued by the census branch, give Montreal Island 712,909 for 1921, as compared with 554,761 in 1911, the increase of the decade being 28.51 percent.

## BENNY LEONARD TO FIGHT 6 ROUND BOUT

George Ward of Jersey City May Floor Champion, But It's Not Good Betting Proposition

JEWISH HOSPITAL BENEFIT

By HENRY L. FARRELL  
(By United Press)  
New York, Nov. 29.—Benny Leonard is going to fight here tonight—free. He appears in a benefit for a Jewish hospital. The affair is scheduled for six rounds. Oh, yes, the other gentleman in the ring, will be George Ward of Jersey City. Ward is a hard hitting welter weight with phenomenally long arms and some there are who think he may floor the champion but it is not a very good betting proposition.

Leonard, of course, has everything to lose and nothing to gain in a bout like this and he is not likely to take any chances.

Most of the other boxers on the bill are getting paid for their tricks. Ward, for instance, expects to draw \$7,500 for his 18 minutes work. Benny has not had to make the weight for this fracas and he probably will go into the ring about as hefty as George who is a natural welter.

## FAIRVIEW BEATS CARTHAGE

Yankee Five Goes Down in Defeat by Score of 20 to 11

The Fairview Athletic Club knocked off the Yankee Five team from Carthage at Fairview Saturday night, by the score of 20 to 11 in a fast game of ball. Fairview got in several shots early and managed to keep ahead all of the way through, and the first half was 11 to 7 in their favor. Simmonds at center and Bertsch, back guard, were the star players for Carthage, while Royalty, Seales, Hill and Peters loomed out for the winners.

The Blue Ridge team will come up to Fairview Saturday night for a game with the Fairview team, and another good game is anticipated.

## POWERS HAVE TURNED TO U. S. FOR SUPPORT

Press of England, Germany and Italy Arrayed Against That of France—Plead Their Cases

FRANCE BECOMES SUSPICIOUS

By CHARLES McCANN  
(U. P. Staff Correspondent)  
London, Nov. 29.—The press of England, Germany and Italy was arrayed against the press of France today—and all turned to America for support.

They pleaded their cases thus: Britain, favorably accepting the hint for an association of nations, denounced France for her refusal to reduce armaments.

German papers looked favorably on the possibility that she may be invited to the arms conference, perhaps the nations' association, and declared she would advance guarantees to France that Germany has discarded militarism.

Italy's press called for a "show-down on the disagreement of French and Italian delegates", at Washington, and tagged France as "militaristic".

France admitting that "most of the world seemed to have turned against her silently while they soothed her with soft words", received with suspicion the association of nations suggestion and declared that France must protect her security with armies.

All were confident America would "understand our case".

## MID-WEST TOURNAMENT

Des Moines, Ia., Nov. 29.—Bowlers in the mid-west tourney here last night failed to break into the ranks of the score leaders. H. Tavener and H. Smith of St. Louis came nearest to breaking into big time when they turned in singles scores of 644, bringing them into a tie for tenth place in the singles.

## TWO GAMES THIS WEEK

The Glenwood high school basketball team has two games on its schedule this week, when they play the Fairview high school at Glenwood on Wednesday night and play at New Salem on Friday night. Glenwood has been showing considerable speed in the last few games, and they have hopes of winning each contest this week.

## ZBYSZKO STILL CHAMP

(By United Press)  
New York, Nov. 29.—Zbyszko is still champion wrestler of the world. He defeated Strangler Lewis last night two falls to one. Lewis took the first fall in 17 minutes, 31 seconds. Zbyszko won the second in 21 minutes, 26 seconds, and the third in 14 minutes, 56 seconds.

## SUZANNE DENIES IT.

Paris, Nov. 29.—Mlle Suzanne Lenglen, French tennis star indignantly denied at Nice today the charges that she had "danced the same day she collapsed on the American tennis courts." She claimed she was still under the care of a doctor. The French papers have ignored the reports that the French star "faked her illness in America for fear she was going to be beaten." Only one paper printed the story.

## TALL CEDARS TO MEET

There will be a meeting of the Tall Cedars of Lebanon Wednesday evening at 7:30 to make final arrangements for the initiation of the large class December 14th.

## EMBLEM FLAG IS GIVEN TO LEGION

Continued from Page One  
paniment. The program closed with a cornet solo by Miss Vivian Harris. Miss Gladys Tittsworth playing a violin obligato. Miss Rowena Kennedy played the piano accompaniment.

Judge Sparks, in presenting the flag to the Legion post, said an emblem flag is a beautiful thing and "the more you think of it, the more it unfolds itself on your mind."

"It is merely an emblem of the great flag," he continued, "the greatest flag that was ever unfurled on this world. If people would study the meaning and history of this old flag, there would be more patriotism than there is today. It stands for the government, but what is the government? Is it an intangible something, not a thing which we can take hold of, but an embodiment of principles. It represents the highest ideals of our country."

The speaker compared the size of other countries with that of the United States to show its immensity and why its people should have a just pride in their country.

"The organization which presents this flag to you," stated the judge, "typifies and represents all that is good in this community—the best and most noble things in our citizenship."

The speaker pointed out that the difficulty the American Legion was having in starting, due to a lack of interest among former soldiers, was the experience of similar organizations following other wars.

"All praise is due you young men for keeping it alive," he said. "In the years to come, the boys who do not now belong will wonder why they retarded the American Legion so long by staying out. With your organization, you can make this community just what you want it to be."

"You know what patriotism is and it falls to your lot to uphold the sacredness of the law. You owe it to these splendid women who are presenting this flag, to protect the rights and freedom of American citizens so their children may enjoy untrammelled freedom."

"There has been created all over this country a disregard for law and a disregard for that old flag, for if you love the flag, you obey the law. Unless we turn about and have a higher regard for law, both layman and lawyer we are headed for the rocks."

Judge Sparks said that he did not want to be classed as radical and that he did not favor enforcement of "blue laws," but that he did believe law should be held more sacred. "Your country has no other plan," declared the judge. "It is depending on young men like you to make the future what it shall be. It is depending on you to stand for the things this old flag stands for and the children of the next generation will rise up and call you blessed. If you do not, I can't conceive of the American Legion being successful. That is the reason the G. A. R. prospered, because it had high ideals."

Dr. Green, in accepting the flag, said that many people had a misconception of the American Legion and what it stands for. No man who has been in the army is entitled to belong unless he is one hundred percent American, he said, and also stated that some members have a misconception of their obligation. Dr. Green asserted that the man who believes the country owes him a living because he fought for it, has no place in the Legion.

Dr. Green pointed out the Legion has no religious creed, but that it does believe in a supreme being. He also stated that the organization has nothing to do with politics, in that it does not affiliate with any political party, but it reserves the right to vote against any man who is not one hundred percent American.

## NORGEN REPLACES STAGG

Chicago, Nov. 29.—Nels Norgen has been named coach of the University of Chicago basketball team replacing A. A. Stagg who is director of athletics. Norgen, a Maroon graduate, piloted the Utah five which won the national A. A. U. title in 1916.

## VICTIM OF FEUD

Chicago, Nov. 29.—The "bloody Nineteenth" ward claimed another victim today. Natale Melica, cobbler, was shot and killed while working in his shop. The murderers escaped.

SOCIETY

Edited By Miss Edna Krammes

Phone 1111

The War Mothers will be entertained at a tea at the home of Mrs. Wade Sherman in North Harrison street Wednesday evening at eight o'clock.

Mr. and Mrs. J. H. McCorkle of Milroy entertained at Thanksgiving dinner at their home last Thursday. Mr. and Mrs. Frank McCorkle and family, Mr. and Mrs. Cash Redmond and family, Maude Cowan, Maurice Cowan, Mrs. Mary Cowan and Will Davis.

Mr. and Mrs. Howard M. Pike and daughter Frances entertained with a delicious three course dinner party Sunday at their home in Glenwood. The afternoon was enjoyed with games and music. The guests were Mr. and Mrs. Russel Ruff, Mr. and Mrs. Elmo Hires, daughter Rosemary and son Cedric, Mrs. Amy Pike of Glenwood and L. Tennis Hart of Connersville.

The Ladies Aid of Sexton will hold an all day meeting Thursday in the Sexton Hall. All members and ladies of the church and community are cordially invited to this meeting and are requested to come prepared to quilt and make comforts. A pitch-in dinner will be served at noon.

The Triangle Club of the Main Street Christian church will hold its regular meeting on Church Night, Thursday evening, December 8, instead of the first Tuesday in the month. All members are urged to be present as the Triangle Club will have charge of the program that night.

Mr. and Mrs. Wilford J. Miller entertained at their home east of Orange Saturday evening in honor of Armstead King of Manila, who is visiting Mr. and Mrs. Logan Creek. The evening was spent in a social way enjoying music furnished

ed by Mr. King, who is a fiddler and Mr. Creek, violinist. Those present were Mr. King, Mr. and Mrs. James Stewart and son Dewey of Rushville, Mr. and Mrs. Logan Creek, Mr. and Mrs. Russel Young and daughter Ruth and son Eugene, Mr. and Mrs. Ercel Bever, Mr. and Mrs. Frank Bever and daughters Helen and Kathryn. Refreshments of pop corn and candy were served.

Miss Gladys Mannings, daughter of Mr. and Mrs. John Vannatta, living south of the city, and Silverton Miller, son of Mr. and Mrs. Edward Miller, also living south of the city, were united in marriage Saturday evening. Mr. and Mrs. Miller will be at home to their friends after January first on the bridegroom's fathers farm.

Mrs. C. H. Parsons was a gracious hostess for the members of the Monday Circle yesterday afternoon at her home in North Main street. The club at this meeting discussed "As a Field for Enterprise South America is Unsurpassed and without a Peer". Mrs. Maud Green had a very interesting paper on "How Is the World's Coffee Cup Filled?" and Mrs. Edith Beale gave a talk on "How Important is the Rubber Industry?". Dainty refreshments were served at the close of the meeting.

Mr. and Mrs. Ross Schrader entertained a number of their friends and neighbors at their home north of the city Friday evening. Music and games were enjoyed and refreshments of sandwiches, cake and coffee were served at a late hour. Those present were: Mr. and Mrs. John Warfield and daughter, Mr. and Mrs. Joe Schocke and daughter, Mr. and Mrs. James Aldridge and daughter, Mr. and Mrs. Hal Green and sons, Mr. and Mrs. Tom Mills, Mr. and Mrs. Albert Moser, Mr. and Mrs. Oliver Dill, Mr. and Mrs. James Dill, Mr. and Mrs. Jesse Retherford, Mr. and Mrs. James Warfield and daughter, Mr. and Mrs. Ernest Bernerger and son, Mr. and Mrs. Robert Hall, Mr. and Mrs. Clarence Floyd, Mr. and Mrs. John Zeigler, Mr. and Mrs. Sam Beaver, Mrs. Winnie Dill and daughter, and the Misses Geneva and Mary Hall, Florence Warfield, Myrtle Zeigler, Edith Hollensbee, John Mills and Richard Amrine.

A very delightful surprise party was given by Mr. and Mrs. Fred Woods last Friday evening at their home in Arlington honoring their daughter Mildred who was home from Madame Blakers school for the Thanksgiving vacation. The party was also honoring the sixteenth birthday of their niece, Miss Maude Woods. The rooms were festooned with flowers and vines. The dining room was especially lovely. A large birthday cake with sixteen lighted candles formed the centerpiece. Ropes of greenery were draped from the chandelier to the corners of the table. The room was softly lighted by many candles. Music, games and dancing were the features of the evening's entertainment. Delicious refreshments were served.

The guests included: the Misses Alta Lee, Helen Downey, Ruby McDaniel, Marjorie Winslow, Roxy Kuhn, Lillian Allison, Louise Innes, Mary Sharp, Juanita Brown, Anna Ridlin, and the honored guests, Mildred and Maude Woods, and Denning Nelson, Alfred Allison, Albert Jordan, William Marshall, Rhulin Over-

"Lem me carry KELLOGG'S, Jack! I say I will! Mother said you could buy KELLOGG'S, but I could carry 'em home! I say I will—I will!"

Our word for it!

You'll never know how delicious Corn Flakes can be till you eat Kellogg's

Positively—the most joyously good any-time-cereal any man or woman or child ever put in their mouths! Such flavor, such crispness! Such big sunny-brown Corn Flakes! How you'll relish a generous bowl-filled-most-to-overflowing; and a pitcher of milk or cream!

Never was such a set-out! Never did you get such a universal vote as there'll be for Kellogg's Corn Flakes! Big folks and little folks will say "Kellogg's, please, mother!" Leave it to their tastes—and yours! Prove out all we say!

For, Kellogg's Corn Flakes are a revelation in flavor; a revelation in all-the-time crispness! Don't just ask your grocer for "corn flakes." That brings you most anything! Say KELLOGG'S CORN FLAKES—they're wonderful!

CLEAR AS A BELL

Christmas Giving At Mauzy's

The heritage of Christmas giving has come down to us through the ages—a custom so beautiful that we must not let it suffer.

Modern tendencies that are seeking to drain every bit of sentiment from our institutions seriously threaten this beautiful custom.

Abe Martin illustrated the point the other night when he said "Here's hoping that Father Time has a couple of blow-outs between now and Christmas."

Whether your gifts be large or small, the mere fact that you are bringing a little joy to some one else should urge you on. Give for the happiness it will bring you, give without strings.

Throughout this establishment you will find gift suggestions almost without number — gifts distinctive, gifts of quality, gifts that recommend themselves to you at once.

Most of these gifts are of a practical sort, the kind the recipient can use, but there are many too of the luxury type, the newest novelties of the year. From the little red top boots for the wee tot to the most filmy creations for milady's boudoir, our gift list will appeal to you, and we invite your inspection.

THE MAUZY CO.

GIRL'S PICTURE MAY BE EXHIBITED

Continued from Page One

body. Arbuckle seemed to take no notice of this procedure. He sat with his face downward, tearing a piece of paper into small bits.

Irene Morgan who was retained by Henry Lehrman as Miss Rappe's nurse in 1920, was then called. The testimony was in the nature of an additional cross examination. Miss Morgan having testified previously.

Charles Burgeoss of San Francisco, publisher of a Masonic magazine, was called to testify as to the reputation of R. C. Harper, defense witness, as to truth, honesty and veracity. Burgeoss said Harper's reputation was bad.

There was much conjecture in the court room today as to whether Marie Taube, the new mystery woman in the case who until yesterday was entirely in the background, would be brought forward as a witness.

Arbuckle brought Mrs. Taube into the limelight yesterday while he was testifying. He said she was the only person he had invited to his apartment the day of the party. He had been out with her the night before—he testified.

On the afternoon of the party she was to have gone motoring with him but he said she was "peevish" when she saw the crowds of guests he had, including Virginia Rappe. Many thought the state might call her as a surprise witness while there was much speculation as to why the defense had not summoned her since she appeared to have been friendly with Arbuckle.

Her identity is something of a mystery. Her picture was published in a San Francisco newspaper showing her leaning from a window with Arbuckle at her side, both apparently happy. This picture was taken the day before the party. Arbuckle evidently regarded her as his friend, yet she had not come forward to help him.

Arbuckle came into court today, red faced and cheery after his ordeal on the witness stand. The defense closed its case after dark last night and Fatty today seemed confident the state could not break down the wall of evidence he had built between himself and the penitentiary.

Fatty's reiterated denials of any

ONE ARREST IS MADE

Blaine Fritch was arrested late yesterday by Officer John Wolter on a charge of obtaining money under false pretense, and he provided bond for his appearance in Justice Stech's court. It was charged in the affidavit that he obtained \$35.67 from William W. Young, by using fraudulent means, and the charge was filed by Mr. Young. Bond in the sum of \$100 was provided, and the case will be tried in this court on December 7, at one o'clock.

Too Fat

Over 48 pounds loss of burdensome fat is reported by Andrew R. Chaney, who used Korein Tablets and directions. The average was a pound daily. Another message comes from Mrs. E. L. Castle, who lost over 47 pounds. Her average was three pounds a week. Many such pleasing reports. The shadow parts of pictures give idea how fat people look before reducing. Get some Korein Tablets today—start reducing your weight tomorrow. Write for free brochure to KOREIN Co., NP-28, Station X, New York, N. Y.

KOREIN tablets are dispensed in this city by all good druggists, including

The Pitman-Wilson Company and Hargrove & Mullin's Pharmacy.

wrong doing at the fatal party is considered his final effort to vindicate himself in the estimation of the movie fans of the world. His testimony was the first account from his lips of what happened that September afternoon. The story was told in a boyish, human sort of way as a kid would tell another that he didn't have his cap—honest, sure, cross my heart and hope to die.

Arbuckle registered many emotions, while he was on the stand. He perspired; waved his arms, gesticulated and spoke loudly. He manifested irritation, disgust and everything except amusement. But he didn't lose his temper.

Dressed in dark blue, with a soft collared shirt, an inconspicuous necktie, brightly polished tan oxfords with socks to match, his hair slicked back, Fatty made good use of all the arts he had learned in the movies. His face had won for him his fame and fortune and he made the best use of it to win his freedom.

STORM CLAIMS 3 VICTIMS

Boston, Nov. 29—The sleet storm which has swept New England for three consecutive days has claimed at least three lives and caused property damage of \$2,000,000 according to reports reaching here today. The storm continuing unabated held hundreds of towns through out New England in darkness last night.

ASPIRIN

Name "Bayer" on Genuine

Beware! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago, and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

## Run-Down Women What You Need is Vinol

Here's Proof That It Restores Strength:—Frederica, Del.—“I got into a very weak, nervous, run down condition so I was not fit to keep on with my housework. Vinol was recommended to me and it certainly made me feel like a new woman. It built me up and made me feel stronger and better in every way.”—Mrs. MARY MORRIS, Frederica, Del.

## HARDING TO SUBMIT A THREE BILLION BUDGET

To Present it to Congress to Cover Federal Financial Needs for Year Ending June 30, 1923

REPRESENTS BIG SAVING

By FRASER EDWARDS  
(By United Press)

Washington, Nov. 29.—President Harding will submit a three billion dollar budget to congress when it convenes on Dec. 5, it was learned. It will cover federal financial needs for the fiscal year ending June 30, 1923. This estimate is \$1,068,000,000 below the estimate submitted by the fiscal year, ending on June 30 of 1922 and represents an actual saving of \$500,000,000 as compared that much from the estimate.

Harding's \$3,000,000,000 budget may be trimmed considerably if the arms conference agrees on a program of reduced naval armaments.

The new budget will represent government needs cut to the bone by General Dawes and his economy experts in the budget bureau. With them a separate budget of expenditures which is considered advisable will be submitted.

Estimates for this year as submitted by the various bureaus to the director of the budget were nearly as large as last years amount but Dawes wielded a ruthless pruning knife.

## COUNTY NEWS

### Sexton and Vicinity

James Bohannon has returned to his work in Rushville.

Miss Carrie McManus of Rushville was here Friday in the interest of the Red Cross work.

Mrs. Ona Ellerman of Falmouth spent Saturday night with her sister Mrs. William Kiser and family.

The Ladies Aid Society will hold an all day meeting Thursday in the hall. A pitch-in dinner will be served at noon.

Mr. and Mrs. William Kiser and baby were guests of Mr. and Mrs. Harold Kiser near Columbia, Fayette county, Sunday.

Those who attended the dedication of the Big Flatrock church Sunday were: Mr. and Mrs. Harve Bradburn and family, Mr. and Mrs. John Pratt Mr. and Mrs. Marion Pratt, Mr. and Mrs. Vester Casey and children, Mr. and Mrs. George Kendall, Mr. and Mrs. Omer Thompson, Mr. and Mrs. Elsworth Kiser, Mr. and Mrs. Gordon Whitton, Mr. and Mrs. Ode Winkler, Mr. and Mrs. Earl Grubbs, Mr. and Mrs. John Weiss and daughter, Mrs. Enos, Guy Brock, Harry Land, Lawrence Hamon, Carl Howard, Zella and May Aldridge, Howard Grubbs and Richard Pratt.

The Big Flatrock Christian church will give a penny supper and a bazaar in the basement of the church Wednesday evening. The public is invited to attend.

## COLDS

“Pape's Cold Compound” is Quickest Relief Known

Don't stay stuffed-up! Quit blowing and snuffling! A dose of “Pape's Cold Compound” taken every two hours until three doses are taken usually breaks any cold right up.

The very first dose opens clogged nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness.

“Pape's Cold Compound” costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!

## BRITISH WANT NO SUBSTITUTE

Continued from Page One  
held in Washington that wouldn't be very central, like Geneva is.”

(Geneva is the League seat).  
Balfour was leaving the Far Eastern session. He swung into the revolving doorway to join Ambassador Geddes.

“We don't want two leagues, do we?” he volunteered as he disappeared.

### Not a Rival of League

Washington, Nov. 29.—President Harding's association of nations is not intended as a rival of the league of nations, nor has any intention of undermining the existing league, it was said authoritatively at the White House today.

The president is still expecting some action on his proposal in the present conference and will be greatly disappointed unless something is done.

The “association of nations” must fulfill functions other than those of the league of nations if it is to have Britain's support. Parallel lines will not suit. The idea stood out today as the result of a brief interview with Arthur Balfour of the British arms delegate on which he remarked, “We do not want two league of nations, do we.”

The city of Leeds utilizes sewage in making ammonia.

## ALL EYES IN ARMS PARLEY ON JAPAN

Continued from Page One  
capital ships, and a resolution regarding China. The more optimistic of a somewhat depressed delegation consider that a third result international endorsement of France's military policy, has already been reached. But daily facts are contradicting this idea.

### RED CROSS DEGREE

Rushville Commandery No. 49 Knights Templar will confer the Red Cross degree Thursday evening beginning at 7:30.

### CORNS

Lift Right Off  
without Pain

Magie! Drop a little “Freezone” on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Doesn't hurt a bit. Your druggist sells a tiny bottle of “Freezone” for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and calluses.

### ELECTROLYSIS

Removing superfluous hair, moles and other skin blemishes.

## BRYAN SEES NO NEW DEVELOPMENT

Commoner, Who Reviews Disarmament Proceedings, Says Japan Will Not be Too Insistent

### WANTED A GREATER RATIO

Japan Can Hardly Insist Upon Larger Proportion if Conference Makes Continuous Decrease

By WILLIAM JENNINGS BRYAN  
Copyright 1921 by U. P.

Washington, Nov. 29—Dickens, in his "Mudfog papers" strikes at a system of reporting which dates back as far as his days. An important national meeting was assembling and bulletins were being issued every few moments, announcing the arrival of distinguished participants. Every little incident was heralded to the world.

I remember that one bulletin was dated 12 o'clock midnight and then at 12.15 another dispatch was sent announcing that nothing had happened since the previous bulletin. Such an announcement might properly be made today. No formal action has been taken during the past 24 hours although progress has been reported along several lines. The local papers announce that Great secrecy surrounds certain communications which are supposed, etc.

Japan is reported still insisting on an increase from sixty to seventy percent in her proportion, but it is intimated that she will not carry her insistence to the point of disrupting the conference. What guess could be safer? It is known that her government would like to have the proportion increased but no one who has followed the proceedings of the conference would for a moment suspect Japan of intending to obstruct the success of the conference by insisting upon anything of minor importance and the percentage is of minor importance.

If this convention is inaugurating a policy of continuous decrease, Japan can hardly insist upon a larger proportion and for the same reason the other nations can hardly permit a demand for such increase to break up the conference. The other nations can better afford to conceive seventy percent than Japan can afford to demand it.

Still more important is the continued rumor that the U. S. will propose a continuing conference of at least an annual gathering to the representatives of all the nations. This is important if true and it would seem to be true. Circumstantial evidence in support of such a prospect

### INGROWN TOE NAIL

URNS OUT ITSELF

A noted authority says that a few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost over night.

"Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

can be found in the attack made upon it by so-called irreconcilables.

But while those who object to any association of nations are issuing threats, friends of the proposition are explaining that it does not mean a binding covenant but merely a forum for the development of facts which when known will direct public opinion. This is all that is needed. The world needs facts; public sentiment based on the facts will be as coercive as any decision legally binding. This conference was shown what publicity can do.

Wars will become practically impossible when every international grievance can be aired. The world's conscience will then have a basis upon which to rest moral conclusions which no civilized nation can disregard. All that is needed is the investigation of every dispute before a resort to war and time for separation of questions of fact from so-called questions of honor. Independence of action afterwards will not jeopardize the peace of the world.

Photographs are gifts your family and friends will always treasure. Sit now. WALLACE, Photographer. 21716

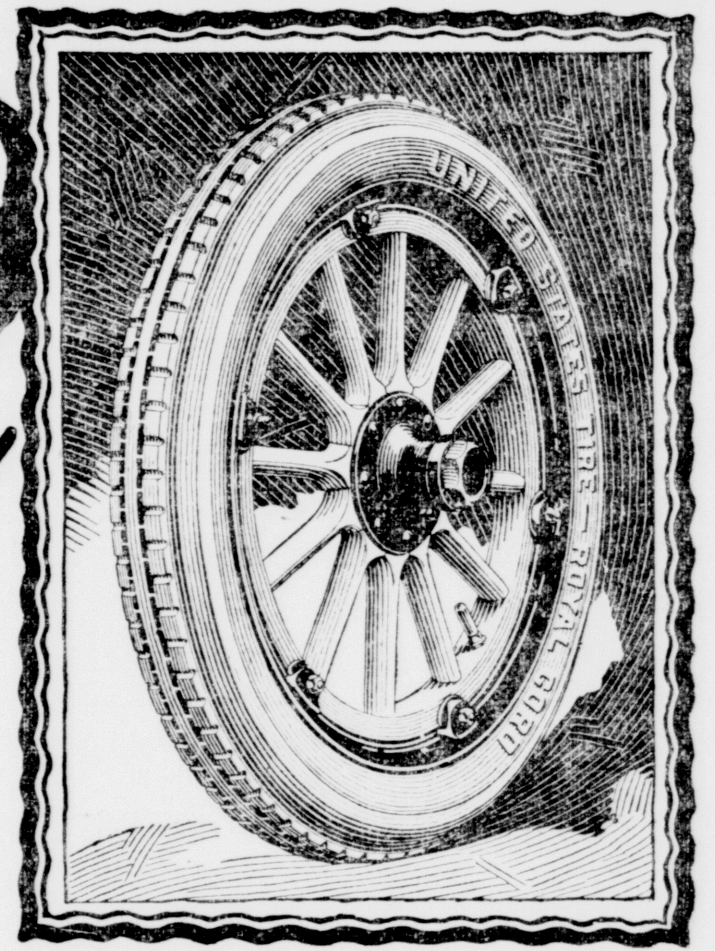

# 1922

### The U. S. ROYAL CORD TIRE

Unquestionably the outstanding merchandising success of the year—both in the eyes of the trade and of the car-owner.

When the U. S. books close for 1921, they will show U. S. Royal Cord sales nearly doubled over 1920.

What U. S. Tires say and do commands a greater audience than any other line of tires in the world.

## Where is the tire dealer headed for in 1922

ALONG about this time of the year the tire-dealer is a much called upon man. Probably a dozen different "Agencies" for a dozen different tires are hopefully spread before him.

But when he gets off by himself and starts to think he finds out that most so-called Agency Franchises are hardly more than permission to invest his money in this brand or that brand at his own risk.

Consider now—not what is said in behalf of the U. S. Tire Sales and Service Agreement—but what it does.

Consider general conditions for the past year. And note everywhere that U. S. Tire dealers have been the least affected of all.

Observe how generally the U. S. Tire dealer is respected. Not alone by

the public but by his local competitors.

The U. S. Tire dealer always knows where he is at. Right now—or in making his plans for 1922.

He can always put his hands on the U. S. consistent merchandising policy.

Where the U. S. Sales Franchise separates from the rest and asserts its prerogatives are in these things—

It brings to the dealer's store the greatest and most loyal tire-audience anywhere.

It supports the dealer with the most constructive and courageous publicly expressed policies today.

It carries the prestige of the U. S. Royal Cord Tire and the "USCO" Tread.

It is the most sought after Franchise in the whole tire trade.

U. S. dealers will be the ranking tire-merchants of 1922. Not only in profits returned, but in local reputation as business citizens.

Prices on all U. S. Tires  
and Tubes Reduced Nov.  
10th. Ask your dealer.

## FARM PLANKS ARE OUTLINED

Agricultural Policy to be Recommended to Congressional Joint Commission Made Public

### SIX DISTINCT QUESTIONS

One Calls For Adjustment of Relation of Farm Prices to Prices of Other Commodities

1. Prompt legislation affirmatively recognizing the right of the farmer to combine for the purpose of marketing, processing, sorting, distributing, or whatever he pleases with his own product.
2. Prompt legislation to meet adequately the farmer's credit requirements.
3. Extension of the statistical divisions of the Department of Agriculture so as to furnish the basis for a sound agricultural program.
4. Establishment of agricultural attaches in all the principal consuming and producing foreign countries so as to furnish accurate information for a sound export program.
5. Standardization of containers of agricultural products and of grades of the products themselves.
6. Adjustment of the relation of agricultural prices to the prices of other commodities, including transportation.

These fundamental planks in an agricultural policy were revealed to the third annual convention of the American Farm Bureau Federation as the probable recommendations of the Congressional Joint Commission of Agricultural Inquiry, by Chairman Sydney Anderson, Congressman from Minnesota.

Mr. Anderson said:

"The Congressional Joint Commission of Agricultural Inquiry has been at work during the past five months. It has not finally passed on a report. My utterances are my individual judgment. It is peculiarly a pleasure and a privilege to address the representatives of more than a million farmers. I wish to express to you now my feeling of the great force which the American Farm Bureau Federation is and will continue to be in the prosperity of the United States.

"Ours is an inquiry, not an inquisition. We work by co-operation, not coercion.

"I express my appreciation to President Howard and Mr. Silver and the American Farm Bureau Federation generally for their support and help.

"We have working some 200 committees, and 3,000 voluntary co-operators. We appointed a railroad committee of 15 to find out the relation between rates and prices of farm products. We undertook to discover the centers of production, the chief lines handling the crop. We have committees on motor truck transportation, adequacy of terminals, adequacy of water transportation, etc. The Railroad Committee will contain representatives of industry and farmers, including J. R. Howard and Gray Silver, to agree on a railroad program and go to Congress, asking that the system be put into proper relation so as to handle transportation.

"Our investigations have been divided into four parts. 1. Agricultural cures and causes. 2. Adequacy of banking and credit. 3. Transportation and relation to prices. 4. Marketing and distribution. In 1920 the farmer's dollar was worth in other commodities 69 cents. In 1921, it was worth less than at any time recently. The farmers purchasing power is 40 per cent of purchasing power of the nation. The prices of other commodities are down in the same degree. This has still further diminished the farmer's purchasing power.

"Although agriculture represents 30 percent of those in gainful occupation, the total income is only 16 to 22 per cent of the total income of the nation.

"In 1913, the average income of the farmer was \$444; in 1919 \$1,456, and in 1920, \$465.

"In purchasing power, the average farmer's income in 1913 amounted to \$444, in 1919, \$833, and in 1920, \$219.

"Compared with people employed in other industries, in 1913 the farmer made \$413, the miner \$755, the

factory worker \$705, the railroad worker \$782, and the bank \$930.

"In 1918, the farmer's income had advanced to \$1,278, the miner's to \$1,280, the factory worker's to \$1,147, the railroad worker's to \$1,394, and the bank worker's to \$1,461.

"In 1920, the farmer's income had dwindled to \$465, while the actual purchasing power of others had increased materially.

"The agricultural crisis is not confined to the United States. It began in Japan and spread to Java, Europe, the United States and Canada. Agricultural crisis are not new. All the governments of the world have experienced them. They begin at the end of periods of great prosperity. Great volume of debt accumulates. There is a constant demand for credit. This results in exhaustion of credit and current money. Bankers get fearful. They call loans. Goods go to market. Prices go

(Continued on Next Page)

## Farm Calendar

Annual meeting of the Center Township Farmers' Association, Tuesday, November 29.

Annual meeting Ripley Farmers' Association, Wednesday, Nov. 30.

Union Township Farmers' regular monthly meeting, Thursday, Dec. 1.

Orange Township Farmers' meeting and oyster supper, at Moscow Thursday night, Dec. 1.

Entries for Rush County Products Show should be in by noon on Saturday, Dec. 3.

Rush County Products Show, Dec. 5, 6, 7, 8.

Big Rush County Meeting, December 7, Graham Annex Auditorium. Farmers'-Business Men's Banquet, Thursday, December 8.

Annual meeting, Rush County Farmers Association, Tuesday, Dec. 13.

## TOWNSHIP BRIEFS

Center and Ripley townships are each holding their annual meetings and election of officers this week.

Orange Township association will treat to an oyster supper at their meeting Thursday night of this week. All farmers of Orange township are cordially invited to attend whether members of the association or not.

Jackson Township had a very interesting meeting last Friday night when their officers for the new year were elected. Ollie Siler was elected president to succeed Elmer Porter. Jackson township is making plans to carry off their share of the honors in the Rush County Products Show.

C. F. Patterson, one of the speakers of the State Farmers' Federation, will be the principal speaker at the Union Township Farmers Association at Gings next Thursday night. As Mr. Patterson comes recommended as one of the best speakers on agricultural subjects in the state a large crowd is expected.

The annual meeting of the Walker Township Farmers association will be held at the Odd Fellows hall in Homer Wednesday night. The session has been called for the purpose of electing officers to serve during the coming year. At the same time, also, delegates and alternates to the annual county convention to be held here Tuesday, Dec. 13, will be chosen.

## PRODUCTS SHOW ONLY A WEEK OFF

Mammoth Farmers Meeting, to be Addressed by C. S. Masterson, One of the High Spots

TO SHOW FARM BUREAU FILM

First Day, Monday, Dec. 5, Will be Given Over to Receiving Entries And Arranging Them

The Rush County Products Show is only one week off and the committees have everything in readiness for the event, which promises to be one of the biggest affairs of its kind ever held in Rush county.

The premium list of \$1200 is attractive enough to attract a large exhibit in each department, and the committee has plans for special features which will add to the interest of the show. The fact that the show will be open at nights will also mean a big attendance.

The first day, Monday Dec. 5, will be given over mostly to receiving entries and arranging them in their places. All entries in the hog and poultry departments are to be in place by noon. Entries in the other departments will be in place by 10.00 a. m. Tuesday Dec. 7, when the judging in all department will be under way.

Wednesday will be the feature day of the show. It is expected that the corn and women's departments will have been judged and open for inspection of that day and judging of hog classes will be in progress. It is expected that the hog judging ring will attract a good crowd while the judging is going on.

A mammoth farmers meeting is on the program for that night which will be held at the Graham Annex Auditorium. C. S. Masterson, once of the strongest speakers on the farm problems in the state has been secured for the address and a special feature of the meeting will be the showing of the American Farm Bureau movie film, "Spring Valley", which the committee has obtained for the occasion. Music and other entertainment will be interspersed as a part of the program which is being arranged.

The committee urges exhibitors to mail their entry blanks to the secretary so as to be in the hands of the committee by Saturday noon, Dec. 3, if possible, so that the arrangement committee will better be able to judge the number of pens and coops to provide and arrange other details of the show. Extra entry blanks may be obtained from the secretary in the county agent's office.

One of our farmer customers told us,

## "I Always Like To Trade At Johnson's"

This customer evidently had good reasons for saying this and expressed the same opinion that we hear so frequently from our customers, "They have what we ask for, and they give it to us with perfect service."

DO YOUR XMAS SHOPPING AT JOHNSON'S DRUG STORE, WHERE YOU WILL FIND MANY USEFUL PRESENTS, OF WHICH WE CAN ONLY MENTION A VERY FEW NUMBER.

"J'Adore" Talcum Powder, in attractive boxes, full measure of one quart. It is "For the Body Beautiful." The body powder puff also makes an attractive gift.

Ivory selections of a wide assortment, and toilet sets, fountain pens, picture frames, perfumery, leather bags, hair and clothes brushes, and a wonderful selection of toilet necessities.

Johnson's also sell the Vocalion and Sonora Phonographs, the two highest class machines in the world.

Service is one of our best things we have to offer, and it costs nothing extra. That is why we maintain such a high standard in this community, in the drug line or any of our numerous accessories.

## HOWARD SPEECH GRIPS ASSEMBLY

President of American Farm Bureau  
Federation Reviews Year's Work  
at Convention

### OUTLINES HOPES FOR 1922

Suggests Lines of Activity Towards  
Which Organization Can Next  
Turn its Energies

The speech of James R. Howard, president of the American Farm Bureau Federation, gripped the delegates and others attending the third annual convention of the Federation at Atlanta last week.

Mr. Howard reviewed the Federation's work for the past ten months and set forth the problem now confronting agriculture. He suggested lines of activity toward which the organization could turn its energies during the coming twelve months.

Transportation, labor conditions, production, co-operative marketing were particularly stressed. A brief sketch was given of the development of the commodity marketing idea which the Federation has fostered.

In the last moments of his speech, President Howard gripped the interest of his audience with a picture of the economic woes of America and the world.

The Golden Rule is a fundamental economic law that will right these wrongs, he said.

Extracts from Mr. Howard's speech are as follows: "We talk much of economic and uneconomic conditions. Not a thinking man in America but knows that there is nothing hypothetical in the statement that things can not continue as they now are. Either farm prices must come up to meet the level of other commodities, or other commodities must come down to meet the level of farm commodities or America will be in the throes of such a panic as she has never dreamed of.

"It is idle to talk of a returning of prosperity with distributing costs fifty percent above producing prices. There is an old law of economics printed in one of the oldest books

dealing with human relationship but too much forgotten in our modern lore and everyday business. It is the Golden Rule of human relations. I declare unto you that the Golden Rule is just as sound economically, just as essential morally today as when it was first enunciated on the mountain top. If it could be put into daily practice for one month by manufacturers, by railroads, by bankers, by merchants, by laborers and by farmers, we could forget all our talk and credits and tariffs and taxes and agrarian blocs and manufacturers blocs and unemployment and low prices and congealed credits. There would be no panic imminent. Those who are saying that our civilization is tottering would of necessity have to readjust their positions. It would constitute the surest and shortest route to permanent prosperity.

"But now the Golden Rule does not go far enough. Man's humanities to fellow man are not directly attained. There are three persons, not two, entering into the equation. A great law giver summed it up in a single sentence to one of his clients 'Thou shall love the Lord, thy God, with all thy heart and all thy might and all thy strength, and thy neighbor as thyself'. Three persons—Man, his neighbor and God. The world needs not only to see the God of the hills and fields and flowers, but to acknowledge Him as the Christ of the human heart. \* \* \*

"The past year has been a very troublous one for the farmer. Not alone in the United States but throughout the world is the farmer in distress. The aftermath of war always oppresses the basic producer. It was true in the days of Alexander and Caesar and Napoleon as it is proving to be in the day of Pershing and Haig and Foch. War is always followed with unbalanced conditions. Not alone is it financially expensive—it is morally and spiritually destructive. With what heartfelt hope and fervent prayers then should we from the farms of America beseech the Almighty that the guns of Chateau Thierry and Verdun, of Belleau Woods and the Argonne may be stacked for all time at Washington. May the revels of the world join in the reveille of world peace and good will! \* \* \*

We want every Farm Bureau member to realize that the greatest

service which the Farm Bureau movement renders to the individual farmer is through the county organization. Our fear is that too often the County Farm Bureau and the farmer himself look to the Federation to do things for themselves.

"The year through which we have just passed has been the most disastrous of American Agriculture. You know this as well as I. And the cause of it all you have both frequently discussed yourselves and have heard discussed by others on many occasions. A world war followed by too rapidly forced deflation and an unbalanced production spell the principal causes. The war itself was a crime—the rapid deflation unnecessary—the unbalanced production disastrous alike to agriculture and business.

There is no doubt that the fiercest blow has struck the farmer. Our whole national structure must soon if not already get the reaction. When the pillars were crushed the temple crumbled and disaster followed.

## Shop Early Morning Hours the Best

You will always help yourself by helping others. It is one of the ways, in which to find happiness.

By shopping early in the month and early in the day, you will render a great service to those who put in long and tiresome hours in waiting on customers; to those who deliver your purchases, and to those who, for financial or other reasons, cannot do their shopping until just before Christmas.

Not only that, but you render yourself a great service by saving the fatigue and worry that always comes to those who wait until the last hour.

Besides, you have a bigger and better selection of goods. You have more time to look around. The final results will be that you will have a better Xmas. Your friends will be more pleased with what you give them and in the long run you will be money ahead. Isn't this worth while?

WE SOLD 32 SUITS IN 3 HOURS  
WEDNESDAY MORNING AT \$14.98  
This Wednesday We Will Place on Sale

### 75 SILK AND WOOL DRESSES

at \$14.98. Dresses that were marked to sell from \$25.00 to \$52.50

Choose as you may from these new arrivals, you can make no error of judgment for the clever lines of every dress are as correct as can be. The materials are of Tricotine, Serge, Satin, Taffeta or Crepe. The colors are Copen, Blue, Navy, Brown, Grey or Black. Sizes range from 16 to 44.

**\$14.98**

## The Real Gift--FURS

Furs are always joyfully received, but they will be more so this year, for never have smartness, richness, novelty and durability been so happily combined as in this winter's latest furs.

Furs, whether bought for gift giving or for yourself, should be bought as carefully as you would a diamond. You should seek protection, for after all, you must rely largely upon the reputation of the one from whom you buy.

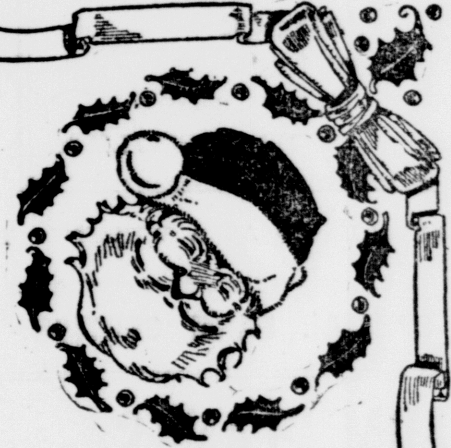

Furs of Lasting Beauty  
SCARFS, CAPES, COATS

### LINOLEUM

12 feet wide, a standard brand made from oil and cork with heavy burlap back, all good patterns, priced at

### FARM PLANKS ARE OUTLINED

Continued from Page One

down. More goods are dumped and we have a buyer's market.

"Give the farmer as long a credit pole as anybody else has. Let him have credit of the kind, quantity and length of time he wants when he wants it.

"We undertook to find out how much total freight the farmer pays when he sells corn in order to buy a plow or wagon; just how much freight is involved in these transactions in buying a wagon, a gang plow, a corn binder, and a grain binder, paid for in corn shipped to Chicago from Springfield, Ill., and Oklahoma City, Okla.:

At Springfield, Ill., 1913—\$441  
1920—\$874  
1921—\$700  
At Oklahoma City, Okla., 1913—\$484  
1920—\$934  
1921—\$751

"How many bushels of corn were required to buy the four implements? They were:

At Springfield, Ill., 1913—716

1920—583  
1921—2027  
At Oklahoma City, Okla., 1913—931  
1920—702  
1921—4191

"In wheat is was not so bad. The number of bushels of wheat required to purchase these four farm implements was:

At Springfield, Ill., bu. 1913—569  
1920—359  
1921—656  
At Oklahoma City, Okla. 1913—736  
1920—414  
1921—852

"The total freight cost in the purchase of four farm implements with corn assuring shipment of corn to Chicago and including all freight in implements to destination, was:

At Springfield, Ill., bu. 1913—71.60  
1920—132.26  
1921—265.26  
At O'homa City, Okla. 1913—197.97  
1920—308.87  
1921—1238.00

"The total freight paid on the corn and implements was 50 percent more than the total cost of the im-

plements. No industry in the world can prosper under those conditions. There must be a reduction.

"This one thing is sure: Either the farmer must organize himself to perform distributive work and take the profits, or else some one else must. Who shall get the profits of distribution?

"I am a great believer in co-operation. I believe it means what a Danish buttermaker declared it to mean: 'It means,' said our Minnesota Dane, 'that I am an individualist, not willing to surrender to get the best results for everybody concerned.' After all he is trying to interpose his small, unorganized buying power. The farmer's selling power must be organized in the same way that great industries organize buying power. That is what the American Farm Bureau Federation is doing, if I understand it."

### FARM BUREAU DAY

The International Live Stock Exposition will be held in Chicago November 26 to December 3. Wednesday, November 30, will be Farm Bureau Day.

## We Never Sacrifice Quality For Price

We never buy cheap goods, but we do buy goods as cheap as we can and sell them the same way.

No smashing of prices at this store. We smash the price when we buy and every day is bargain day, no week-end sales, no specials, no bait, just reliable groceries at the lowest possible price all the time.

## Music - The Victrola's Gift

The homes where charm holds completest sway are generally those endowed by all the arts—and by music no less than the others. As you may know a man by the books he reads, so may you also know a home by the music that is heard therein. To every home the Victrola brings the glory of beautiful music—of music in its every form. Living indoors produces a fuller appreciation of its gifts.

### Beautiful Cabinet Work

Its primary purpose thus fulfilled, the Victrola no less successfully adds to the appearance of the room. Fine woods and handsome cabinet work lends much to a distinctive furniture ensemble.

It's none too early to buy for Christmas—right now while every model in every finish is in stock. We invite special consideration of

## BUYING POWER BELOW NORMAL

Relatively Low Price of Agricultural Products Cuts Purchasing Ability to Two-Thirds Normal

### RETRENCHMENT IS SOLUTION

Many Find it Necessary to Repair Farm Tools, Barns and Equipment Instead of Buying New

Lafayette, Ind., Nov. 29.—The buying power of the farmer now is about two-thirds of his normal pre-war purchasing power, because of the low prices of farm products and the relatively high prices of manufactured articles and the costs of transportation. This fact was brought out by the Farm Management Department of Purdue University before the recent annual meeting of Indiana county agents at Indianapolis, and also before the Indiana Farmers' Federation. It is based on extensive study of prices from the period of 1909-14 and recently.

To substantiate these statements, Prof. O. G. Lloyd and M. H. Overton of the department, presented figures on prices prevailing in October of each year in the days of "normalcy" and those for every October since then.

"From 1909-14, a set of work harness could be bought for 44 bushels of corn. At prices which prevailed last month, it required 115 bushels of corn to buy the same harness, more than 2½ times as much. During the five years preceding the war, a certain make of plow could be bought for 15½ bushels of corn. Last month this same plow required 40½ bushels of corn, more than 2½ times the amount. Yellow pine lumber in the five year period cost 35 bushels of corn per thousand, and last month it took 85½ bushels, almost two and a half times the cost."

The farmer can expect to receive equal value in the exchange of farm products and other commodities. When the farmer sells his products today they will purchase only two-thirds of what they would before the war, and the farmers generally were far from being "flushed" with money then.

When the farmer cannot buy the usual amount of commodities, it causes unemployment in the cities as

## COMMUNITY ICE PLANT

Kosciusko Farmers Will Store Ice To Use Next Summer

Warsaw, Nov. 29.—The co-operative buying plan entered into successfully during the past year by Kosciusko county farmers is branching out. The present week witnessed the completion of a co-operative ice house on the banks of Yellow Creek lake in Seward township. Twenty farmers residing in the southwest part of the county joined together and contributed to a fund which made possible the erection of a building 30 by 30 feet in dimensions and in which ice will be stored each winter for the use of these farmers during succeeding summers. The Friends camp meeting grounds at Yellow Creek, which attract hundreds of persons from all over the country to the annual meetings of the organization also will be supplied from this plant.

the agricultural classes consume more than one half the products in normal times. With the present abnormal ratio of prices, farmers are forced to buy less and produce more of their living from the farm.

Farmers find it necessary to follow a retrenchment policy of repairing the plow, the work harness and the barn, because the cost for these commodities now is two and a half times greater than before the war, when measured in commodities which the farmer has to sell.

To meet this situation, more of the family living should be furnished from the farm, such as garden and dairy products. Hired labor should be cut to a minimum with other cash expenses for they are relatively high in terms of prices for farm products.

It will be very costly to both consumer and producer if this adjustment of farming puts the farmer back on a self-sufficing system of agriculture. Everything should be done to restore a normal relation of prices received and prices paid to farmers, so the present system of farming will not be greatly modified.

A specialized commercial agriculture used land labor and capital most economically and, therefore, requires the minimum costs of production and market distribution. A specialized, commercial, agriculture, enables the farmer to adapt his farm organization and operation to soil, climate, and market conditions. Producing at the lowest possible cost, he can sell in the world's mar-

## FARMERS' COURSE SCHEDULED SOON

Annual Purdue Farmers' Short Course Will be Held at Lafayette January 9 to 13

### PROGRAM BEING ARRANGED

Various Organizations Dealing in Crop Improvement Will Hold Meetings at Same Time

Lafayette, Ind., Nov. 29.—The annual farmers' short course, which is a week of intensive training for Indiana farm men and women, will be held at Purdue University, Jan. 9 to 13. This announcement was made by Dean J. H. Skinner, of the College of Agriculture, who expects the largest attended short course in the history of the university.

An elaborate program, of interest to every farm man and woman, regardless of the kind of farming engaged in, is being prepared. Different sections will be provided for the men in animal husbandry, poultry husbandry, dairying, fruit growing and vegetable gardening and on soils and crops subjects. The women will have two sections dealing with different home economics problems.

A large number of the state livestock breed associations, and various organizations dealing with crop improvement, will hold their annual meetings during short course week and cattle and hog breeders will gather at Purdue in force.

The work offered during farmers' week is free and many counties are planning now to send large delegations.

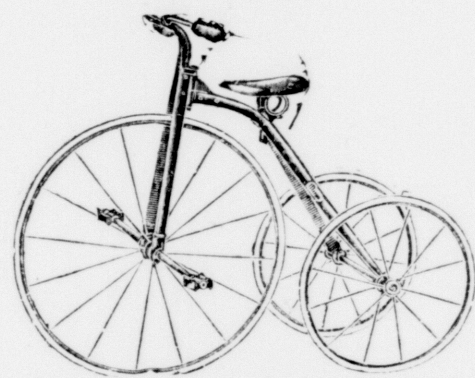

Economical production and better methods of marketing are the two big themes to be taken up at the short course. In spite of the financial depression and how hard it has hit farmers, an unusual number are planning to attend because they are interested in learning methods that will cheapen their cost of production and enable them to continue farming under present conditions.

ket at a profit. At the same time, the consumer is getting food at lower prices. The farmer is now adjusting his farming to transport less, to buy less, and produce more of the things he needs.

# I'M READY

## The Largest Santa Claus in Rush County

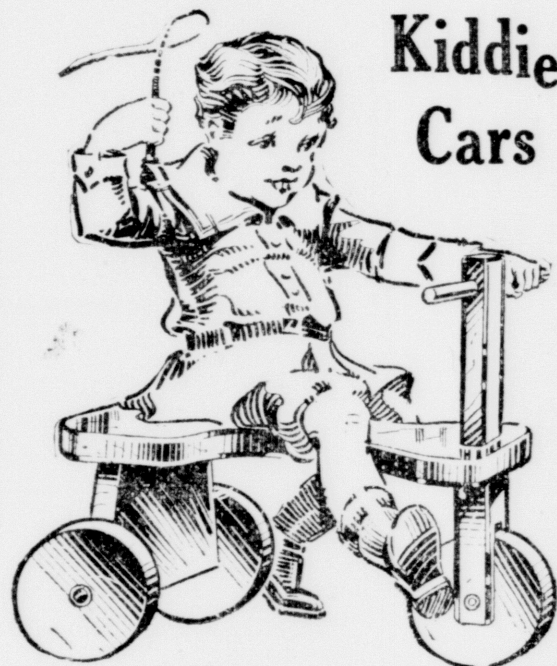

Says' I'm Ready. Bring the kiddies. Parents will take an interest in seeing eyes brighten and faces grow eager as the children explore Toyland. It is gratifying to note the low prices throughout our Toy display.
